3 Cluster Courses

The cluster is a group of 3 courses that relate to a single topic or theme that is relevant to architecture. Courses for the cluster may be taken in any department and may not overlap with any courses that you plan to count towards other requirements for the major. All cluster courses should be selected in consultation with your major adviser.

Senior Graduation Requirements

Majors are required to submit a design portfolio and a research paper in the last semester of their senior year.

NOTES: No courses under 3 points may be used to fulfill any of the major requirements
No courses with a grade of D of lower may be counted in the major
If you are considering graduate school in architecture, we recommend taking a year of calculus and physics
Architecture majors should meet with their advisers every semester to review their course selection and progress in the major
