**3 Cluster Courses**

The cluster is a group of 3 courses that relate to a single topic or theme that is relevant to architecture. Courses for the cluster may be taken in any department and may not overlap with any courses that you plan to count towards other requirements for the major. All cluster courses should be selected in consultation with your major adviser.

**Senior Graduation Requirements**

A thesis is required for graduation. The written thesis may be done in one or two semesters of independent research that can be counted as the required lectures/seminars.

**NOTES:** No courses under 3 points may be used to fulfill any of the major requirements  
 No courses with a grade of D or lower may be counted in the major  
 If you are considering graduate school in architecture, we recommend taking a year of calculus and physics  
 Architecture majors should meet with their advisers every semester to review their course selection and progress in the major
