

THE ARCHITECTURE MAJOR REQUIREMENTS WORKSHEET

NAME	_____	NOTES No courses under 3 points may be used to fulfill any of the major requirements. No courses with a grade of D or lower may be counted in the major. If you are considering graduate school in architecture, we recommend taking a year of calculus and physics. Architecture majors should meet with their advisers every semester to review their course selection and progress in the major.

SPECIALIZATION | 3 COURSES | TOPIC: _____

Each student develops a specific specialization that broadens their architectural studies in one of the following areas or combination of areas: History, Society, Environment and Global, Design, Media, and Technology. Courses may be taken from across various departments. All majors, in consultation with their advisers, will develop a short (100 word) description of their specialization and advisers will approve their course selections. Students can request and develop other areas of specialization with adviser approval.
